Inspiring Team Spirit

Pawling High School

William Floyd High School

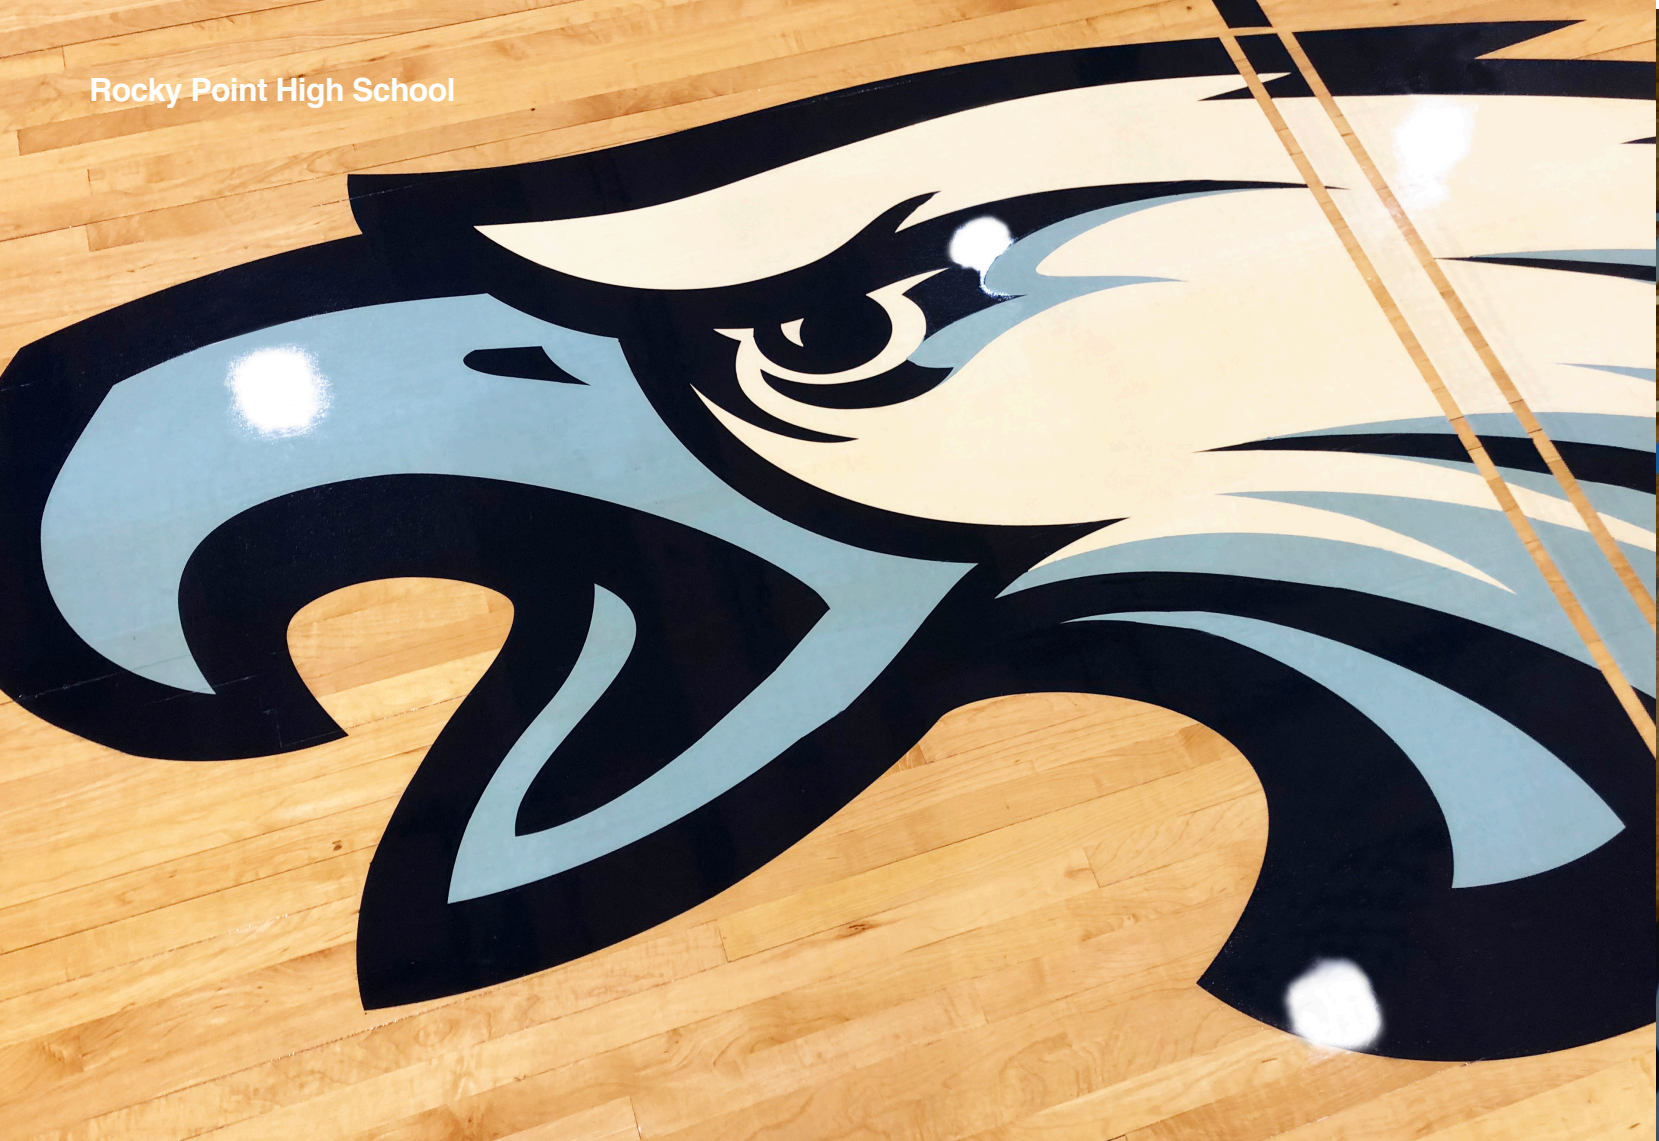

Our skilled craftsmen provide custom painted logos, borders, and lettering to give your floor the edge and personalization you desire. Milburn's design consultants create a custom plan with renderings so you can see exactly what your finished floor will look like. We transform your facility by re-sanding and refinishing the existing floor and providing brand new inspiring graphics!

Air Brush

Air brush graphics are the icing on the cake of a beautiful new gymnasium floor. They immediately capture the attention of every player and patron that enters courtside. Our experienced, professional artists work closely with clients to ensure that the air brush art captures their vision and showcases a one-of-a-kind art piece to inspire team spirit!

Synthetic Floors

Milburn Flooring provides a variety of flooring options including the PULASTIC® Synthetic Floor System. The Pulastic Floor System creates a seamless multi-purpose sports floor that provides strength and performance for all levels of play and competition.

PULASTIC® System Benefits:

- Resiliency for comfort, safety and high performance
- Seamless, non-porous and smooth surface for easy maintenance, repair and the ability to be resurfaced
- Contains recycled content and renewable raw materials
- Water based finish virtually eliminating VOC content
- Outstanding mechanical strength and outstanding wear resistance for minimum life-cycle cost and maximum usability
- Outstanding ball bounce
- Wide color selection
- Pulastic is perfect for indoor applications including; Multi-Purpose, Basketball, Volleyball, Aerobics, and Training Facilities

Multi-Purpose Rooms

Most gymnasiums support multiple sports and non-sporting activities like assemblies, ceremonies, meetings, and concerts.

Choosing the right gym floor for multi-use applications, paired with proper installation, can reduce transition time and improve the functionality of a facility.

Milburn Flooring focuses individual attention to flooring projects ensuring that we propose the best solution for your needs and follow through with seamless facilitation of the install process.

Beyond the Gym

YMCA Recreational Room

Dance Studio

Yoga Studio

In today's marketplace facility managers, architects, general contractors and directors are being asked not only to maintain their facilities, but build, renovate and maintain their buildings.

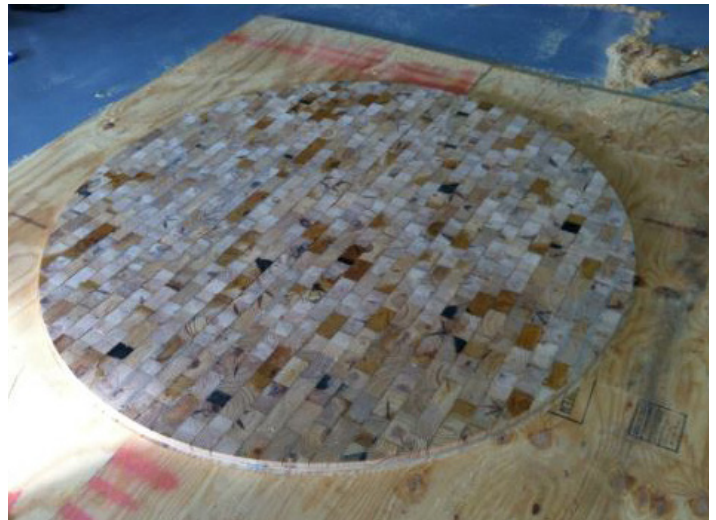

The need to add other sport and fitness areas has allowed Milburn to extend our expertise well beyond just the gym floor. We have a solution for every floor need.

EXPERTS BEYOND THE GYM FLOOR

- Dance Floors
- Aerobic Floors
- Yoga Floors
- Fitness and Weight Training
- Swim Areas
- Locker Rooms

East Rockaway

When a major storm flooded the East Rockaway High School gym beyond repair, Milburn Flooring replaced the damaged floor with a new floor design incorporating pieces of the original floor in the new installation and preserving some of the school's history.

Milburn Flooring incorporates design, safety, high performance level and sustainability into every project while staying in budget and on time. We specialize in both wood flooring and synthetic flooring systems. Our sports surfaces exceed industry standards through delivering strength, stability, resiliency and comfort during play. We provide flooring systems with subfloors that support heavy loads, gym equipment, and bleachers.
