COMMERCIAL FLOORING

TRUSTED PARTNER
SUPERIOR CRAFTSMANSHIP
FULL SERVICE PROVIDER

Milburn Flooring has proven to be a valuable and trusted flooring contractor. Our dedication to the flooring industry for over 60 years has led our reputation to speak for itself. Six decades of growth is owed to the multitude of referrals and word of mouth from our customers. There is no greater measure of success than our satisfied customers highly recommending Milburn Flooring for other projects.

Exceptional customer service and superior craftsmanship drives us every day. As a reliable partner, our team can ensure that every project will run on time with our continuous dedication to a quality installation. Beginning with an accurate estimate, our team is a full-service provider with extensive product knowledge and vast installation experience. Our experts are a true asset to have on any job site.

Health and safety is of utmost priority for all employees and we guarantee that not only are all job site workers at least OSHA30 certified but also operate with proper PPE and in full compliance with CDC guidelines at all times.

Milburn Flooring services many areas from the private sector, assisted living, multi-family developments, healthcare facilities, restaurants, education facilities and more. We are also on NY state and BOCES contracts.
